 University of Central Florida
 University of Massachusetts – Amherst
 University of Puerto Rico – Mayagüez
 University of Wisconsin - Madison

Connection and Collaboration Virtual Symposium

hosted by The University of Iowa

WEDNESDAY, OCTOBER 4, 2017
9:00 AM – 5:00 PM (EASTERN)

Speakers on the art and science of simulation as a tool for transportation safety research.

Kickoff presentations for the first projects for the new themes:

- Automated vehicles technology
- Connected vehicles technology
- Vulnerable road users
- Roadway infrastructure design
- Distributed simulation technology

Panel discussion with advisory board members who review proposals submitted to for funding.

We need your input! Join us in a workshop to brainstorm how we will design a simulation boot camp. What do you think researchers new to simulation need to know?

Since this is a virtual symposium hosted as an online meeting we expect that people will come and go during the day as their schedule requires. Of course we hope you will be able to attend several sessions during the day.

Please register before September 30, 2017 by going to
<https://safersim.wufoo.com/forms/m16x7j6t1rqczt1/>

Your confirmation letter contains instructions about joining the webinar. If you have any questions, please call Jacob Heiden, 319-335-4786 or email jacob-heiden@uiowa.edu or safersim@uiowa.edu.

Agenda

9:00 – 9:45 AM
“Simulation in Research”
Don Fisher – VOLPE

10:00 AM – 12:00 PM

New Project Kickoff Presentations

Students will give kickoff presentations for the first projects funded through the 2016 grant.

1:00 – 2:00 PM

SAFER-SIM Advisory Board Member Panel

Hear perspectives on the focus and direction of SAFER-SIM from the proposal reviewers.

2:00-2:45 PM

“Advancing Simulation as a Safety Research Tool” Rich Romano – Univ. of Leeds

3:00 – 5:00 PM

Workshop on Designing and Planning Simulation Boot Camp
