

Congratulations, Dr. Didier M. Valdés!

Congratulations to SAFER-SIM Dr. Didier M. Valdés from the University of Puerto Rico at Mayagüez (UPRM) on earning the distinction of the 2019-2020 Outstanding Professor from the Civil Engineering and Surveying Department.

Dr. Valdés is the Principal Investigator of numerous SAFER-SIM UPRM research projects since our initial award from USDOT that dates back to 2014.

Dr. Valdés, a native from Colombia, South America, has been a member of the Transportation Engineering faculty at UPRM for a span of 3 decades, when he was initially hired as a Visiting Professor in 1991.

SAFER-SIM is proud of your impactful work at UPRM and within our center, Dr. Valdés!

Thank you for all your hard work, Didier!
